

Bethel Preschool & Daycare

Dear Bethel Families:

We are so thankful for every family that we have here at Bethel. We appreciate all the support from everyone with tuition payments, words of encouragement, donations and prayers. Your support is helping us to continue to keep up with our daily expectations here at the center, as well as continue to support our teachers and their families through this time.

This week you started to receive emails from your child's teacher containing activities and resources to help facilitate some fun learning and exploration with your child at home. You may have also received a few videos off our private YouTube account that included stories read aloud, mini lessons or tutorials on how to do some of the fun learning games that happen in the classroom. Please know that these are shared as resources to your family and are not meant as requirements or to overwhelm. We understand that each family has a unique dynamic happening right now from trying to work at home while juggling small children and possibly being a homeschool teacher for school age children. We are here to support in whatever way we can. Please know that your teachers would love to hear from you if you have any questions about things that have been shared from them.

We also completed our first Zoom Chapel and plan on continuing those as well as special class meetings for each classroom to connect with each other online. You have received emails with the invitations for all the zooms that your child is invited to join. Please know that they are also shared with you so that you can join all or just the ones that meet your current home schedule. If for some reason the times don't work for you and you want to connect with your child's teacher and classmates, please reach out to Dani at astdirector@bethelpreschoolanddaycare.com to see what we might be able to do. Also, if you aren't receiving the invites for the Zoom meetings or the Brightwheel app invitation, please also email Dani to share that information so that she can get it to your family.

As a reminder we know that for some families' things are always evolving whether that is needing care to start up again or some financial constraints that happen due to job status. We are continuing to work with families individually to help them find the best solution for their family, currently. If at any time you need our support or help in some capacity, please reach out to us so we can meet you where you are at, to the best of our ability. We will continue to update everyone, if any changes occur. If you have any questions or concerns, please email them to director@bethelpreschoolanddaycare.com.

Sincerely,

Rachel Bruce, Director
